

United States Government Trade Capacity Building Assistance, 2001-2005

Mozambique

Since 2001, the United States Government has provided more than \$36 million in Trade Capacity Building (TCB) assistance to Mozambique, funding a broad range of activities. Over the past five years, the full allocation of resources has been:

In addition to this bilateral assistance, Mozambique also benefits from many of the regional programs focused on Sub-Saharan Africa. Attached are Country Activity Reports detailing each activity undertaken by the United States Government from 2002 to 2005 for:

- Mozambique
- Non-targeted Regional Programs in Sub-Sahara Africa
- Non-targeted Programs for South African Development Community (SADC)

MOZAMBIQUE

Activity Title	Activity Description	TCB Category	FY 05 Total
Business Development Services	The Business Development Services program works with Mozambican agri-business and smallholders to promote the production, processing and export of agricultural products, including cashew, paprika, pigeon peas and others. It includes market and value chain analysis and technical assistance to Mozambican enterprises. In addition, the program helps Mozambican enterprises to establish linkages to buyers and sources of finance. Funded and implemented by USAID/Mozambique.	Export Promotion	275,000
		Business Services & Training	275,000
		Activity Total	550,000
Combating Child Labor Through Education in Mozambique	This activity provides capacity to the Government of Mozambique to adhere to internationally recognized labor standards, including freedom from child labor, which is a requirement for receipt of U.S. trade benefits. Funded and implemented by Department of Labor/ILAB.	Human Resources & Labor Standards	3,000,000
Enabling Environment for Exports Improved	This activity is in support of creation of business enabling environment that facilitates investment and exports, contributes to economic growth and reduce poverty. Funded and implemented by USAID/Mozambique.	Human Resources & Labor Standards	185,000
		Financial Sector Dev. & Good Governance	370,000
		Competition Policy & Foreign Investment	370,000
		Gov/Transparency & Inter-Agency Coord.	925,000
		Activity Total	1,850,000
Improvements in Trade-related Initiatives in Mozambique	The program will increase international market access for Mozambican products and enhance Mozambican competitiveness by reducing the costs of doing business. The purpose will be achieved through better trade policy, a more supportive enabling environment, and targeted interventions in specific sectors. Funded and implemented by Department of Agriculture/FAS.	Trade-Related Agriculture	1,388,000
Luria River Hydropower	In July of 2005, the U.S. Trade and Development Agency (USTDA) approved a \$610,000 grant for a Feasibility Study on two key hydropower plants in Mozambique. The objective of the study will be to lay the groundwork for a concession to attract a private investor or public private partnership to develop the projects on the Lurio River. The projects are expected to have development impacts on infrastructure and market-oriented reform. Funded and implemented by Trade and Development Agency.	Physical Infrastructure Development	610,000

Activity Title	Activity Description	TCB Category	FY 05 Total
Market Access	USAID provides direct assistance to the Ministry of Industry and Trade (one long-term adviser supported by short-term technical assistance) as well as various trade-related supports to other Ministries (e.g., Customs) as necessary. USAID/Mozambique, as Lead Donor for the Integrated Framework (IF) in Mozambique, successfully supported Mozambique's application in the IF and continues to provide support in implementing the IF, including in establishing an inter-ministerial coordinating mechanism. These actions are expected to lead to the integration of a trade action plan into Mozambique's overall development and poverty reduction strategy. Funded and implemented by USAID/Mozambique.	Customs Operation & Administration	170,000
		Export Promotion	340,000
		Regional Trade Agreements (RTA)	85,000
		Gov/Transparency & Inter-Agency Coord.	255,000
		Activity Total	850,000
Rural Finance Services	This activity provides technical assistance to develop financial services for a wide array of rural businesses involved with agricultural production in order to improve the competitiveness and exports of agricultural products from Mozambique. The program uses matching funds from GRM counterpart contributions as well as from DCA. Funded and implemented by USAID/Mozambique.	Business Services & Training	87,500
		Financial Sector Dev. & Good Governance	175,000
		Trade-Related Agriculture	87,500
		Activity Total	350,000
Rural Group Enterprises	This activity brings tens of thousands of family farmers into the market economy by establishing them as business groups, which buy inputs and sell products in commercial quantities. Also assists them in meeting quality standards (including export standards) and other market requirements. Funded and implemented by USAID/Mozambique.	Export Promotion	560,000
		Business Services & Training	560,000
		Trade-Related Agriculture	480,000
		Activity Total	1,600,000
Sector Support	This activity support initiatives in the tourism sector that attract tourists, promote investment, and preserve the environment. Funded and implemented by USAID/Mozambique.	Tourism Sector Development	1,337,787
Total FY 05 USG Trade Capacity Building Assistance to Mozambique			11,535,787

MOZAMBIQUE

Activity Title	Activity Description	TCB Category	FY 04 Total
Business Development Services	The Business Development Services program promotes the processing of agricultural commodities for export markets. It includes market and value chain analysis and technical assistance to Mozambican enterprises. In addition, the program helps Mozambican enterprises to establish linkages to buyers and sources of finance. Funded and implemented by USAID/Mozambique.	Export Promotion	1,384,880
		Business Services & Training	1,384,880
		Activity Total	2,769,760
Enabling Environment for Exports Improved	Through its partnership with USAID, the Confederation of Mozambican Business Associations (CTA) will continue to lobby for necessary reforms to create a more liberal trade and enabling environment. USAID technical assistance is expected to contribute to the following improvements to the enabling environment in FY 2004: passage of a more liberal telecommunications law; revisions to the decree governing the contracting of foreign labor; approval of a more progressive commercial code; and a reduction of the time required to register companies from 153 days to less than 100. USAID technical assistance and training will enhance the legal environment for private enterprise by expanding the system of alternative dispute resolution established with USAID assistance in FY 2003, thereby improving contract enforceability. Funded and implemented by USAID/Mozambique.	Human Resources & Labor Standards	235,644
		Financial Sector Dev. & Good Governance	471,288
		Competition Policy & Foreign Investment	471,288
		Gov/Transparency & Inter-Agency Coord.	1,178,219
		Activity Total	2,356,438
Expansion of Tourism Facilities	The project involves the construction and operation of a luxury lodge-style hotel and related amenities at the Vilanculos Coastal Wildlife Sanctuary in Inhambane, Mozambique. Contractor is the David Herbert company. Funded and implemented by Overseas Private Investment Corporation (OPIC).	Tourism Sector Development	940,500
Market Access	The Government of Mozambique has a crucial role to play in negotiating market access bilaterally, regionally and internationally the fulfillment of this role will improve the prospects for labor-intensive exports. USAID will provide technical assistance to the Government of Mozambique to improve institutional and analytical capacity in support of better trade policy. USAID, as the donor coordinator in Mozambique for the multilateral Integrated Framework (IF) for Trade-Related Technical Assistance to Least Developed Countries, will assist the Government of Mozambique to complete its application for the second IF round and then expand the USAID-funded Trade Mainstreaming Study to meet the requirements for a full IF "Diagnostic Trade Integration Study." These actions are expected to lead to the integration of a trade action plan into Mozambique's overall development and poverty reduction strategy. Funded and implemented by USAID/Mozambique.	Export Promotion	602,575
		Regional Trade Agreements (RTA)	451,931
		Gov/Transparency & Inter-Agency Coord.	451,931
		Activity Total	1,506,438
Mediation Training in Mozambique	This project funded a training program in Mozambique in labor-management dispute prevention and resolution and related research on Mozambican industrial relations. FY04 funding was used to sponsor a workshop to disseminate the results of a survey of selected industries to improve understanding of formal sector labor relations in Mozambique and to publish a book on labor relations in Mozambique. Funded and implemented by Department of Labor/ILAB.	Human Resources & Labor Standards	35,000

Markets for Exports Expanded	This program will expand export markets by addressing "across the border" questions of market access, including negotiating markets, ensuring that requirements for access to particular markets are met (e.g. visa systems under Southern African Development Community (SADC), African Growth Opportunity Act (AGOA) and Everything But Arms (EBA), and providing necessary government technical support for standards (Sanitary and Phytosanitary - SPS, Agricultural Plant Health Inspection Service - APHIS, etc.). This activity will also assist the government to reduce its dependence on trade taxes, establish sensible overall customs legislation that is compliant with World Trade Organization (WTO) requirements, open the economy further, and ensure good coordination of trade policy across ministries. Thus addressing "at the border" issues. Funded and implemented by USAID/Mozambique.	WTO Awareness	40,000
		Agreement on SPS	80,000
		Customs Operation & Administration	80,000
		Export Promotion	80,000
		Regional Trade Agreements (RTA)	80,000
		Financial Sector Dev. & Good Governance	40,000
		Activity Total	400,000
Producer Owned Trading Company	Mission contribution to Global Development Alliance proposal developed by the Cooperative League of the USA (CLUSA) to establish a producer-owned trading company for agricultural commodity exports. Funded and implemented by USAID/Mozambique.	Export Promotion	43,400
		Business Services & Training	43,400
		Trade-Related Agriculture	37,200
		Activity Total	124,000
Rural Financial Services	Approximately 25% of USAID/Mozambique's total support to Rural Financial Services will specifically promote agricultural export financing. In addition to the \$300,000 reported as funding by USAID, this activity is co-financed with host country owned local currency after monetization of food aid. Funded and implemented by USAID/Mozambique.	Business Services & Training	75,000
		Financial Sector Dev. & Good Governance	150,000
		Trade-Related Agriculture	75,000
		Activity Total	300,000
Rural Group Enterprise Development	Approximately 50% of USAID/Mozambique's support to Rural Enterprise Development directly builds capacity in trade. This occurs under three separate cooperative agreements. Funded and implemented by USAID/Mozambique.	Export Promotion	240,000
		Business Services & Training	600,000
		Physical Infrastructure Development	360,000
		Activity Total	1,200,000

Commercialization Program	This program focuses on policies and regulations to promote commercialization and the transformation of agricultural technology into market-oriented and profitable products. Activities include natural products development and trade, food processing association development to enhance trade opportunities, and the use of information technology to increase agribusinesses' capacity to compete for markets and acquire technologies through the global marketplace. Funded by USAID and implemented by USDA/FAS.	Trade-Related Agriculture	\$ 39,783
Equity and Growth through Economic Research (EAGER) -- Agribusiness	This program promotes private sector and trade and investment activities including the development of appropriate policies and regulations and support for small and medium-sized enterprises. Emphasis is on the development of policies that encourage inter- and intra-regional trade, investment, and business linkages. Activities are designed to enhance the implementation of the African Growth and Opportunity Act. Funded by USAID and implemented by USDA/FAS.	Trade-Related Agriculture	18,261
Human Capacity Development/ Higher Education & Training Systems	This program provides technical assistance to higher education workforce development and training activities in agriculture, agribusiness, trade and related areas. Funded by USAID and implemented by USDA/FAS.	Trade-Related Agriculture	26,111
Policy Analysis, Research, and Technical Support (PARTS) for Agribusiness	This program promotes the development and growth of the agribusiness sector as well as inter- and intra-regional trade within the Sub-Saharan African countries. Activities focus on facilitating trade linkages and strengthening networks between U.S. and Sub-Saharan African agribusinesses and on the use of information technology as a marketing tool. Funded by USAID and implemented by USDA/FAS.	Trade-Related Agriculture	8,696
Policy Analysis, Research, and Technical Support (PARTS) for Democracy & Governance	This program supports agriculture, trade, and entrepreneurial development through the development of the enabling environment and of local, community-level associations. Through the decentralization of policies and practices and the local democratization process, the program enhances the growth of a market economy and trade relationships. Funded by USAID and implemented by USDA/FAS.	Other Trade Facilitation	23,913
Policy Approaches to SPS International Standards & Trade Policy Implications	This program provides comprehensive training on trade policy implications of the international standard-setting bodies and WTO-consistent approaches to the implementation of SPS regulations. Africa based regional workshops for the SADC, COMESA, and WAEMU organizations involve policy officials, technical specialists, and private sector representatives from each country. Funded by USAID and implemented by USDA/FAS.	Agreement on SPS	18,243

Road Rehabilitation and Maintenance	This activity finances: (a) construction of a major trunk road; (b) labor intensive construction of feeder roads; and (c) improvements to road maintenance procedures and systems. Funded and implemented by USAID/Mozambique.	Physical Infrastructure Development	5,900,000
Rural Enterprise and Financial Services Development	Promotes the export of agricultural crops and the promotion of for-profit associations of small farmers, through US PVOs Technoserve, CLUSA and ACDI/VOCA. Funded and implemented by USAID/Mozambique.	Export Promotion	600,000
		Business Services & Training	600,000
		Trade-Related Agriculture	300,000
		Activity Total	1,500,000
The Global Trade and Technology Network (GTN)	GTN is an international trade lead matching and technology transfer network that helps small and medium-sized enterprises build trade and business linkages, identify investment opportunities and access new technologies. GTN firms are connected by an Internet-based trade lead matching platform that facilitates trade through on-line matching of technology needs with firms that can provide the product or service requested. GTN builds the capacity of firms to engage in international trade by increasing SME access to commercial information and global markets through an all horizons trade initiative that promotes trade in any GTN country in any sector. GTN also facilitates bilateral trade and technology transfer with the United States. GTN's electronic commerce platform enables firms to establish international trade linkages such as joint ventures, direct sales and purchases, and agent or distributorships. Funded and implemented by USAID/EGAT/BD.	Export Promotion	62,500

National Seed Association Development in Africa	Together with the African Seed Trade Association, the U.S. Department of Agriculture (USDA) implemented organizational meetings and launching workshops to establish and strengthen national seed trade associations in target countries. The new associations will become full members of the African Seed Trade Association and thereby strengthen AFSTA's capacity to promote privatization of the seed sector, harmonization of seed regulations, and the expansion of regional markets for international seed trade in their respective countries. In September 2004, USDA intends to implement a regional workshop for national seed trade association members of AFSTA to advance organizational strategy and promote best practices for financial management of their associations. Funded and implemented by Department of Agriculture/FAS.	Trade-Related Agriculture	72,590
Regional Agriculture Expansion Support (RATES) project	The Regional Agriculture Trade Expansion Support (RATES) program is designed to increase value/volume of agricultural trade within the East and Southern Africa region and between the region and the rest of the world. RATES focuses on developing commodity-specific regional trade initiatives through innovative private sector/public sector alliances and partnerships and works primarily through regional trade flow leaders such as regional trade associations, national-level trade organizations, private companies, and individual entrepreneurs. RATES is currently supporting activities in specialty coffee, maize and pulses, cotton/textiles, livestock, and dairy. Through policy advocacy, lobbying, public relations and marketing, RATES is developing a regional dialogue regarding trade issues in East and Southern Africa. For more information, visit www.ratescenter.org . Funded and implemented by USAID/REDSO.	Export Promotion	833,400
		Regional Trade Agreements (RTA)	833,400
		Trade-Related Agriculture	2,500,200

Activity Title	Activity Description	TCB Category	FY 03 Total
ACILS - Labor Rights in the Global Economy	Support labor unions' to gain recognition of and compliance with domestic and international labor standards, particularly ILO recognized core labor standards, particularly in export processing zones. Funded and implemented by USAID/DCHA.	Human Resources & Labor Standards	20,900
Africa Regional WTO Agricultural Conference	Purpose of the conference was to explain the technical aspects of the U.S. WTO Agricultural Proposal to key African decision makers. Funded and implemented by Department of Agriculture/FAS.	Agreement on Agriculture	95,000
African Growth and Opportunity Act (AGOA): Trade-Related Instit. Building	The Commercial Law Development Program (CLDP) , along with Constance Hamilton, Senior Director for African Affairs at the Office of the United States Trade Representative (USTR), participated in the second U.S.- Sub-Saharan Africa Trade and Economic Cooperation Forum in Mauritius in January 2003, and conducted consultations with African government officials and businesspeople who attended the USTR/CLDP-sponsored AGOA workshops held in 2002. The goal was to follow-up with representatives from countries that participated in these workshops to determine some of the outcomes of the sessions and how the delivery of such technical assistance could be improved. African government officials consistently mentioned that the workshops taught them the importance of marketing and outreach to the private sector, both domestically and abroad. Funded by USAID and implemented by Department of Commerce/CLDP.	Export Promotion	500,000
Chemical Information Exchange Network	This project enhances good governance and inter-agency cooperation on the sound management of chemicals and pesticides within the Southern African Development Community (SADC) region. The project also enhances information technology access and provides needed training to key stakeholders involved with chemicals. For example, the project assisted several countries in better regionally coordinating pesticide regulations. In Zambia, a fee-based Internet Resource Center was developed with support from industry, to facilitate access to key chemical information. This information is being used to improve environmental management in the private and public sectors. Funded and implemented by Environmental Protection Agency.	E-Commerce & IT	25,000
		Business Services & Training	15,000
		Physical Infrastructure Development	5,000
		Gov/Transparency & Inter-Agency Coord.	5,000
		Activity Total	50,000
Codex Workshop	On June 28, Foreign Agricultural Service/International Trade Policy co-sponsored a Codex Workshop in Rome for 27 countries from Latin America and the Caribbean and eight African countries to discuss Codex related food safety issues. Funded and implemented by Department of Agriculture/FAS.	Agreement on SPS	160,000

Equity & Growth through Economic Research (EAGER): Agribusiness TA Advisor	This new funding is being used to support a full-time position for technical assistance. The agribusiness program under EAGER promotes private sector and trade and investment activities including the development of appropriate policies and regulations and support for small and medium-sized enterprises. Emphasis is on the development of policies that encourage inter- and intra-regional trade, investment, and business linkages. Activities are designed to enhance the implementation of the African Growth and Opportunity Act. Funded by USAID/AFR and implemented by Department of Agriculture/FAS.	Trade-Related Agriculture	65,000
Food Security Cooperative Agreement	Research services, dissemination, training and monitoring of food security effects on vulnerable populations. Examples include central policies to mitigate trade impacts and strategies for mitigating food security instability using food aid and strategic cereal stocks. Prime contractor is Michigan State University, Department. of Agricultural Economics. Funded and implemented by USAID/EGAT/AG.	Trade-Related Agriculture	400,000
Regional Agriculture Trade Expansion Support (RATES)	The objective of Regional Agriculture Trade Expansion Support (RATES) is to increase the volume and value of trade in selected agricultural commodities within the Eastern and Southern Africa region. Through consultations with various stakeholders, the following commodity supply chains were selected: maize, beans/pulses, cotton, livestock, horticulture, roots/tubers, oilseeds, and coffee. The RATES Center based in Nairobi will be a specialized service center intended to handle the broad cross-cutting issues in support of the interventions to be undertaken for the eight commodities. The RATES Center will address agricultural trade facilitation activities in close collaboration with regional inter-governmental organization and private sector organizations. RATES includes two Global Development Alliance funded activities for the Red Sea Livestock Trade Commission and the East African Fine Coffees Association. Funded and implemented by USAID/REDSO.	Export Promotion	900,000
		Regional Trade Agreements (RTA)	600,000
		Trade-Related Agriculture	1,500,000
		Activity Total	3,000,000

Safe Skies for Africa - Transportation Project	The purpose of this Presidential initiative is to promote sustainable improvements in aviation safety and security in Africa and to create the environment necessary to foster the growth of aviation services between Africa and the U.S. The initiative recognizes that Safe Skies are a prerequisite for increased trade and investment and long-term economic development in Africa. Specific goals include: increasing the number of Sub-Saharan African countries that meet International Civil Aviation Organization safety standards, improving airport security within the region within 3 years, and improving regional air navigation services. The U.S. role is as a technical advisor and facilitator of actions to be taken by African countries, in partnership with the private sector, regional institutions and international civil aviation organizations. To date, the DOT has 12 open skies agreements with Sub-Saharan African nations. Funded by USAID and implemented by Department of Transportation.	Other Trade Facilitation	2,000,000
		Human Resources & Labor Standards	2,000,000
		Physical Infrastructure Development	4,000,000
		Activity Total	8,000,000
Strategies and Analyses for Growth and Access (SAGA)/ Trade Research	This activity will have two components. The first component is an analytical research activity exploring how Sub-Saharan African countries can benefit from WTO negotiations and be better equipped to negotiate for their interests. The other component will focus on strengthening trade decision making (for example, linkages between private sector organizations, research institutions, and government agencies) so that domestic trade policy is made from a more fully informed perspective. For more information, please see: http://www.saga.cornell.edu/index.html Funded and implemented by USAID/AFR.	WTO Awareness	250,000
		Gov/Transparency & Inter-Agency Coord.	250,000
		Activity Total	500,000
Trade Facilitation	Peace Corps Volunteers are working at the community level with Host Country organizations and individuals to build their capacity to participate in global trade by: information communication technology integration, skills training in entrepreneurship, and the development of sustainable production and marketing efforts. Funded and implemented by Peace Corps.	E-Commerce & IT	356,400
		Business Services & Training	356,400
		Activity Total	712,800
Trade for Africa Development and Enterprise (TRADE) Initiative	Trade for Africa Development and Enterprise (TRADE) promotes regional integration and regional cooperation by strengthening the ability of African countries and business to develop their export trade. TRADE also studies the impact of financial sector development policy and the investment climate. Resources flowing through TRADE will (1) promote US-African business linkages, (2) enhance the competitiveness of African products and services, (3) expand the role that trade can play in African poverty reduction strategies, (4) improve the delivery of public services supporting trade, (5) build African capacity for trade policy formulation and implementation, and (6) strengthen the enabling environment for African businesses. American Center for International Labor Solidarity	The Solidarity Center's programs in Africa focus on strengthening the voice of workers, promoting equity in opportunity and responsibility for women, minorities, and youth, focusing on countries and regions where efforts can be leveraged, and building on prior successes, complementing the efforts of other civil society organizations. Increasing collective bargaining is at the heart of the Africa program, because it promotes increased membership as well as an increase in workers represented. The programs also have a gender as well as a religious component. The Solidarity Center also encourages workers to work with civil society organizations, and reaches out to unaffiliated unions. Funded and implemented by USAID/DG.	Human Resources & Labor Standards	50,365
		Human Resources & Labor Standards	248,198
		Activity Total	298,563
Business Development Peace Corps	Business Development projects provided skills transfer through business training and created linkages for increased access to credit, markets, ICT, and community resources. In Kenya and Ghana, Volunteers have taken ICT integration one step further by helping artisans access global markets through e-commerce Web sites. This help has, for example, included linking coffee and cacao farmers with buyers in Cameroon and training high school students to design and start small businesses in Benin. Funded and implemented by Peace Corps.	E-Commerce & IT	249,750
		Business Services & Training	249,750
		Activity Total	499,500
Capacity Building for African Consumer Products Manufacture	The U.S. Association of Importers conducts seminars in with African businesses and governments in AGOA eligible countries to assist in developing production systems providing quality manufacturing, standard record keeping, and sustainable working relations with buyers in the global market. The program also addresses regulatory systems that are fair and transparent to foreign investors. Funded and implemented by USAID/AFR/SD.	Competition Policy & Foreign Investment	500,000
Commercial Law Development Program	CLDP worked to increase the capacity of the Legal Sector Coordinating Unit (LSCU) by training the staff on how to locate and access international resource material and assistance on intellectual property rights. With the training conducted by a CLDP advisor and the administration of the enforcement training tool, the LSCU will become a useful resource center for SADC member states in intellectual property rights. Funded by USAID and implemented by Commercial Law Development Program.	Agreement on TRIPS	78,000
Common Market for East and Southern Africa - COMESA	COMESA was established in 1994 and includes 20 member countries. COMESA envisions achieving economic integration in East and Southern Africa. Its strategy is based on regional cooperation, including peace and security, in core areas of trade, investment, infrastructure and science and technology development. REDSO's partnership with COMESA includes strengthening of technical and institutional capacity in the areas of regional communication harmonization, trade and transport, and conflict prevention. REDSO has funded several activities via the COMESA LSGA to assist COMESA and its member states to prepare for WTO negotiations. Funded and implemented by USAID/REDSO.	WTO Awareness	175,000

Integrated Trust Fund Grant	USAID contributes monies to the Global Trust Fund that supports the Integrated Framework (IF). Under the renewed IF, the World Bank is in the process of conducting a series of Diagnostic Trade Integration Studies (DTIS). The Bank has finished the initial three pilot DTIS, and is scheduled to conduct 11 more in 2002 and the first half of 2003. Each DTIS lists high priority trade capacity building needs that have been identified in consultation with the recipient governments and private stakeholders. The implementation of the Pilot Scheme began in May 2001 in three countries: Cambodia, Madagascar and Mauritania. The IAWG agreed that the following eleven LDCs be considered for the next phase of the IF Pilot Scheme: Burundi, Djibouti, Ethiopia, Eritrea, Guinea, Lesotho, Malawi, Mali, Nepal, Senegal and Yemen. Note: This activity is funded and implemented through the UNDP. Other TCB: Trade Info & Diagnostics Implemented by: USAID/EGAT/ENV. Funded and implemented by USAID/EGAT/ENV.	Other TCB	200,000

The Global Trade and Technology Network (GTN)	GTN is an international trade lead matching and technology transfer network that helps small and medium-sized enterprises build trade and business linkages, identify investment opportunities and access new technologies. GTN firms are connected by an Internet-based trade lead matching platform that facilitates trade through on-line matching of technology needs with firms that can provide the product or service requested. GTN builds the capacity of firms to engage in international trade by increasing SME access to commercial information and global markets through an all horizons trade initiative that promotes trade in any GTN country in any sector. GTN also facilitates bilateral trade and technology transfer with the United States. GTN's electronic commerce platform enables firms to establish international trade linkages such as joint ventures, direct sales and purchases, and agent or distributorships. For more information please see: www.usgtn. Funded and implemented by USAID/EGAT/BD.	Export Promotion	247,500
